

ASI-ware Overview

ASI-ware is a web based system that tracks data for clients, staff, foster parents, and foster homes.

It can be configured in multiple ways to address different requirements between counties, states and programs.

ASI-ware Overview

- It is user friendly and provides a graphical interface that is pleasing to the eye and also intuitive.
- ASI-ware has a configurable scheduler that helps organizations keep up with their requirements.
- ASI-ware can be used to track invoicing and foster parent payroll.
- Special payments for various things such as clothing reimbursements, retroactive rate changes, graduation expenses and etc. can also be tracked with ASI-ware.

Case Management

Each of our partners decide what case management items they wish to track on ASI-ware

Sample of Case Management Items:

- Progress notes
- Contacts
- Diagnosis
- Incidents
- Treatment/Service Plans
- Medical Exams
- Optical Exams
- Dental Exams
- Clothing Inventories
- Initial Assessments
- Release Notices
- Placement Agreements

Case Management

ASI-ware also provides document upload functionality. With this functionality paperwork generated outside of your organization can be uploaded to the client's records.

Foster Parents/Foster Homes

Foster parents can be tracked from first contact through license closure. This allows an organization to see how a foster parent was referred and where they are in the licensing process.

Customer Satisfaction

We provide exceptional customer support and great products which means we have satisfied customers.

From Mark D. Deputy Director

The support team is amazing. I appreciate the timeliness of the response and not only that a problem is fixed but taking the time to show how it can be fixed on my end in the future. You Folks ROCK!

Customer Satisfaction

From Matt P, Regional Director.

Really appreciate the support and responsiveness to problem resolution and focus on quality assurance, along with focus on progression of product. Thank you

Customer Satisfaction

From Dan A, State Director.

I've used ASI-ware, an ASI-Ware product, for approximately 11 years now. I strongly believe that this system is perfectly suited to the needs of child welfare organizations in the state of Kentucky. When Kentucky recently modified the 1294 to include information about religious activities, the ASI-Ware team responded quickly and had ASI-ware modified and updated before the end of the month. I can honestly say that I recommend ASI-Ware's products to all child welfare organizations in Kentucky.

Customer Satisfaction

From Noel W. Assistance Executive Director.

Look at all this good stuff! Thanks. I will go through carefully over the weekend to see how translates within ASI-ware! I was really bragging about CT to our RCCL rep...and this is why. I appreciate a company willing to help us meet contract and standards Texas style...and really danced and sang your praises when you shot the list of Yeses on incident reports to me in an Excel...REALLY helped our records review go well yesterday. Heartfelt Thanks for making yourself available to me when licensing arrived for the review.

Customer Satisfaction

From Mary V, Executive Director.

Merry Christmas a bit late and Happy New Year a bit early. I want to thank you for the kindness you have shown to me and the Home these past few years. Please don't hesitate to call on me for a reference or if a potential customer wants to speak to a customer. Also, thank you for the lovely Christmas gift. It was not only a useful gift, but I really liked that it was made locally and by a wonderful organization. Very thoughtful. It's not enough, but thank you. Thank you

Customer Satisfaction

From Seri A, Treatment Director.

You guys are such a pleasure to work with. We can always expect a quick response to our numerous questions. Thank you for your patience with us as we learn to use ASI-ware more effectively. The more I use the system, the more impressed I am. Thank you for creating an awesome tool to make our jobs easier.

Customer Satisfaction

From Gina H, Director, Information Systems.

Working with ASI staff in any area has been a fantastic experience. The company listens to how their software is really being used in the field to make improvements and their customer support is superb. We have been successful with our implementation of ASI-ware in large part because ASI has supported us so well

Customer Satisfaction

John K, Chief Financial Officer.

Paul, Jason Thank you for all that you do and the continued partnership.
